SKILLS

- Fluent in writing and speaking Spanish
- Currently enrolled in Coding Bootcamp at the UC Berkeley extension

EXPERIENCE

University of California, Los Angeles - *Media and Blogger Intern*

- Pitched ideas at weekly meetings for future publications
- Worked extensively editing and writing blog posts of my own and others' blog posts
- Managed media page daily on Instagram and Twitter

Cruise, San Francisco - *Autonomous Vehicle Operator 2019*

- Work in teams, alternating driving and software monitoring and logging responsibilities and providing verbal feedback/directions about the AV's environment.
- Complete timely and detailed ride reports for operations and engineering teams
- Participate in the ongoing training of new AVT
- Test other aspects of the autonomous vehicles and perform ad hoc projects as needed

University of California, Los Angeles - *Transcriber and Data Analyst 2019*

- listen to recorded dictations to interpret and transcribe them,
- review drafts prepared by speech recognition software, ensuring that it's correct and complete

Skyline College, San Bruno - *Supplemental Instructor*

2016-2018

- Coordinated and facilitated group discussions amongst students in order to create conversation that would allow for critical thinking of text

-
- Editing and revising papers, and creating thesis statements that would allow students to build their arguments
 - Coming up with different learning strategies that would accommodate different types of learners
 - Working and meeting with professor weekly to discuss students' progress and new ways to engage more students to participate in the group discussions
 - Submitting weekly paperwork that reflects the activity we did and showed how many students were able to come into the group discussions
